NEWSLETTER SUMMER 2021

Edito

With Covid-19, our network is undergoing several changes and adapting to the current issues. One of our challenges has been the renewal of our teams, stemming both from the growth of our collaboratives and other colleagues growing professionally and sailing away to new directions.

In the last year we welcomed 4 new team members and we will be joined by 2 more this summer. That is substantial for a small team of 13!

We are grateful for the work of the colleagues that have contributed greatly to raise the profile of the secretariat and appreciate the stamina of those who have joined us. Our leadership is also under renewal. We are happy to count on new insights, while also paying tribute to those who are about to retire. Our Board Members have forged and promoted collaboration among European foundations, convinced of the importance and value of European solidarity.

Highlights

Alliance for Gender Equality in Europe – newly born

While the Covid-19 crisis has shattered many civil society organisations working in the field of gender equality, with public funding being diverted to emergency challenges, there is an unprecedented and significant need to ensure the continuity of services for women and girls.
